Wholesale Only—No Retail Sales

Member of National and State
Nursery Associations

VERHALEN NURSERY CO.

POLICY—

Our policy is to furnish stock fully graded and properly named. Any deviation from this plan will be accidental and we assume no responsibility greater than the invoice of the stock involved.

TERMS—

ALL SALES ARE STRICTLY CASH with the one exception to those whose credit has been established in past years. Nursery supplies are net cash to everyone. Open account sales, Net 30 days.

TAGGING AND CHECKING: An extra charge of 10% will be made when customers select their plants in the fields, or if we tag nursery stock for our customers for any reason. Increased labor costs make this charge necessary.

CLAIMS—

Our responsibility for condition of plants being shipped ends when we make delivery in good order to the transporting companies. Damages having occurred thereafter are to be taken up with the carrier. We will assist when we can help in settling such problems.

Claims for quality of stock must be made within 10 days after date of invoice. **LATE CLAIMS WILL NOT BE CONSIDERED.**

PACKING CHARGES AND TRUCK DELIVERIES

Baling, boxing or crating for local freight or express shipments will be charged at cost. No charges are made for bulk truck or car loading.

Deliveries to customers in Dallas on invoices of \$50.00 or over will be made on our truck at F.O.B. Dallas Warehouse prices.

To other destinations where two or more orders are delivered in the same load each customer will be charged proportionately as to mileage and size of his order.

—Delivery Charges Payable at Time of Delivery—

ORDERS—

All orders are accepted with the understanding that we are not to be held liable in event of accident, extremities of weather or other causes beyond our control.

All prices subject to change without notice—this list nullifies any previous offerings.

LINER LIST
1961 - 1962

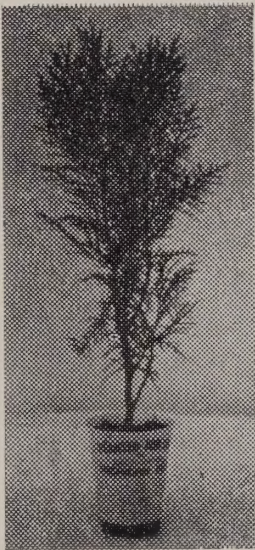

Over the years we have enjoyed the reputation of having the best Lining Out Stock available. It is our intention to maintain the same high standards in the future.

Liners at VERHALEN'S are propagated from large cuttings and from vigorous plants. They are grown in larger and deeper pots and are in outdoor type beds so that they are ready any time for delivery. They are never too tender to go outside.

ARBORVITAE

Biota orientalis aurea conica.....GOLDCONE ARBORVITAE

A compact grower, is smaller, more brilliant and more uniformly golden than Berckmann's. Hardy. 8 feet.

	Weight	Price
Liners, 2½ inch pots		\$.22
12-15 inch, 1 Gallon Can	8	.70
15-18 inch, B&B	30	1.00

Biota orientalis aurea nana.....BERCKMANN'S GOLDEN ARBORVITAE

Very compact and moderately slow in growth. New foliage is golden. 15 feet.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
18-24 inch, 5 Gallon Can	35	1.75

Biota orientalis aurea bonita.....GOLDEN BONITA ARBORVITAE

Golden form of Bonita arborvitae. Color is just as good as Goldcone Arborvitae. 6 feet.

10-12 inch, 1 Gallon Can	8	\$.70
18-24 inch, 5 Gallon Can	35	1.75

Biota orientalis bonita upright.....BREWER'S HYBRID ARBORVITAE

Deep green upright or pyramidal arborvitae; compact medium grower. 8 feet.

Liners, 2½ inch pots		\$.22
36-30 inch, B&B	40	1.50

VERHALEN NURSERY CO.

Biota orientalis conica glauca.....**BLUECONE ARBORVITAE**

More compact than Excelsa Arborvitae; slightly darker color and more symmetrical in growth. Because of deep rich green, this plant appears to be blue at times. 10 feet.

	Weight	Price
Liners, 2½ inch pots		\$.22

Biota orientalis excelsa.....**EXCELSA ARBORVITAE**

A very hardy and cold resistant type having broader base and darker color than Baker Arborvitae and equally at home in either the north or south. Particularly well suited for Oklahoma, Kansas, and Missouri. 8 feet.

Liners, 2½ inch pots		\$.18
----------------------------	-------	--------

Biota orientalis howardi.....**BLUESPIRE ARBORVITAE**

More columnar and darker than Baker Arborvitae. Bluish foliage prompts its name. Keeps its good color during dry or cold weather. 12 feet.

Liners, 2½ inch pots		\$.18
24-30 inch, 5 Gallon Can	35	1.75
24-30 inch, B&B	30	1.25
4-5 feet, B&B	110	1.75

Biota orientalis pyramidalis.....**BAKER'S HYBRID ARBORVITAE**

Pyramidal, compact and fast grower. Light green in color. 5 feet.

Liners, 2½ inch pots		\$.18
30-36 inch, B&B	40	1.50
3-4 feet, B&B	70	1.75

Cedrus atlantica.....**ATLAS CEDAR**

Stiff horizontal branches with short dark green needles. Nearest thing to spruce for the South.

15-18 inch, 1 Gallon Can	8	\$.75
--------------------------------	---	--------

Cedrus deodara.....**DEODAR CEDAR**

Silvery blue, soft textured spruce or fir-like tree. Very graceful and different. Not hardy in Kansas or Missouri and north. 25 feet.

Liners, 2½ inch pots		\$.20
15-18 inch, 1 Gallon Can	8	.75
24-30 inch, 5 Gallon Can	35	2.25

Cunninghamia lanceolata.....**CHINESE FIR**

Evergreen tree of the pine family. Branches spreading and inclined to droop at the ends. Leaves crowded, narrow, about two inches long broad at the base but sharply pointed at the tip. Cultivated in southern region and protected places. 75 feet.

15-18 inch, 1 Gallon Can	8	\$.70
3-4 feet, B&B	40	2.50

Cupressus arizonica.....**ARIZONA CYPRESS**

Pyramidal growing conifer. Rather slender in shape and has silvery light blue foliage. Grown from grafted liners. A fast grower. A good item in the sales yard. 25 feet.

15-18 inch, 1 Gallon Can	8	\$.75
--------------------------------	---	--------

Cupressus sempervirens.....**ITALIAN CYPRESS**

Narrow, with branches tight against main stem; dark green foliage. Cutting grown, assuring uniformity. 35 feet.

3-4 feet, 5 Gallon Can	35	\$2.50
------------------------------	----	--------

"Cash" Discount means AT TIME OF ORDER OR DELIVERY—not 2 days or 20 days later—and does not apply where an unpaid balance exists.

BLUE POMPON PFITZER
NEW & DIFFERENT

TAXUS HICKSI AND CUSPIDATA (CENTER), 1 GALLON

Taxus cuspidata JAPANESE YEW

Spreading Japanese Yew. This useful plant consistently outsells any other single landscaping plant throughout the mid-west. Wide spreading habit with glossy, dark green foliage. Shears well and grows in sun or shade. This selected strain develops quickly into bushy, well filled plants. 5 feet.

	Weight	Price
12-15 inch, 1 Gallon Can	8	\$1.10

Taxus cuspidata capitata ... UPRIGHT JAPANESE YEW

Upright form of Taxus cuspidata developing into a symmetrical pyramidal form.

12-15 inch, 1 Gallon Can	8	\$1.10
--------------------------------	---	--------

Taxus cuspidata densiformis COMPACT JAPANESE YEW

Spreading type Yew, dense and compact.

8-10 inch, 1 Gallon Can	8	\$1.10
-------------------------------	---	--------

Taxus media browni BROWN'S YEW

Graceful, vase-shaped Yew; more upright than the regular spreading Yew. Heavy, dark green foliage.

12-15 inch, 1 Gallon Can	8	\$1.10
--------------------------------	---	--------

Taxus media hicksii HICK'S YEW

Well known and popular columnar form. Fast, vigorous grower. Grows almost vertical with very dark rich foliage and brilliant scarlet fruit in fall. 8 feet.

12-15 inch, 1 Gallon Can	8	\$1.10
--------------------------------	---	--------

JUNIPERS

Juniperus chinensis pfitzeriana PFITZER JUNIPER

Our plants are well developed, full bodied, high crowned due to heavy shearing. 10 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.65
18-24 inch, 5 Gallon Can (Heavy)	35	2.00
15-18 inch, B&B	30	1.00
18-24 inch, B&B	40	1.50

Juniperus chinensis pfitzeriana blue BLUE PFITZER JUNIPER

Same habits of growth as regular Pfitzer except for distinctive blue color. Little more compact grower and just as hardy. 7 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
18-24 inch, 5 Gallon Can	35	2.00

TEXAS STAR

Juniperus virginiana (Blue Vase).....TEXAS STAR JUNIPER

A new type Juniper originating as a seedling Virginiana Glauca. Texas Star was originated in the Gulf Coast country. It has a bright blue color, has compact foliage and grows in dwarf fashion with very little trimming. Branches are broad at the base but pointed. Proved hardy in Northern Illinois. 4 foot spread.

	Weight	Price
Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
15-18 inch, 5 Gallon Can	35	2.00

Juniperus chinensis (Dwarf Globe) pfitzeriana.....DWARF GLOBE PFITZER JUNIPER

A new and attractive style Pfitzer. Compact and slow grower but with branches horizontal. Light green foliage, stiff and unchanging in cold weather. Slow grower. 5 feet.

Liners, 2½ inch pots		\$.22
8-10 inch, 1 Gallon Can	8	.70

Juniperus chinensis sylvestris... SYLVESTER JUNIPER

Its special attraction is its soft green types of foliage and thickly covered irregular side branches. 25 feet.

Liners, 2½ inch pots		\$.15
----------------------------	--	--------

Juniperus communis hibernica fastigiata.....IRISH JUNIPER

An exceedingly narrow form of upright, pillar-like Juniper which is weather and sun resistant and does well in our southwest. 8 feet.

Liners, 2½ inch pots		\$.15
15-18 inch, 1 Gallon Can	8	.70

Juniperus conferta.....SHORE JUNIPER

Pleasing light green, soft foliage; prostrate branchlets growing upright to 12 inches. Excellent for low plantings, hanging over walls, etc. 8 foot spread.

12-15 inch, 1 Gallon Can	8	\$.70
--------------------------------	---	--------

Juniperus excelsa stricta.....SPINY GREEK JUNIPER

Small, conical glaucous plant. 6 feet.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
24-30 inch, 5 Gallon Can	35	2.00

"Cash" Discount means AT TIME OF ORDER OR DELIVERY—not 2 days or 20 days later—and does not apply where an unpaid balance exists.

HETZ JUNIPER

Juniperus hetzi glauca.....**HETZ JUNIPER**

A silvery blue, low growing plant similar to the Pfitzer but faster growing. 10 feet.

	Weight	Price
Liners, 2½ inch pots		\$.18
10-12 inch, 1 Gallon Can	8	.65
18-24 inch, 5 Gallon Can	35	2.00
15-18 inch, B&B	22	1.00
18-24 inch, B&B	30	1.50
24-30 inch, B&B	40	2.00

Juniperus procumbens.....**JAPANESE JUNIPER**

Low growing creeping plant with thick blue-green foliage. 10 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70

Juniperus sabina tamariscifolia.....**TAMARIX JUNIPER**

Low growing compact, spreading plant with beautiful feathery green foliage.

8-10 inch, 1 Gallon Can	8	\$.70
-------------------------------	---	--------

Juniperus sabina vonehron.....**VONEHRON JUNIPER**

A broad fast-growing form of Savin Juniper, having rich green foliage. 10 foot spread.

Liners, 2½ inch pots		\$.18
12-15 inch, 1 Gallon Can	8	.70
18-24 inch, 5 Gallon Can	35	2.00

Juniperus horizontalis plumosa.....**ANDORRA JUNIPER**

Low growing, horizontal Juniper with feathery, light green foliage which turns purple in winter.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
15-18 inch, 2 Gallon Can	15	1.25

Juniperus virginiana canaerti.....**CANAERT JUNIPER**

Dark green foliage interspersed with blue berries and growing in tufts of varying lengths which give the slender pyramidal form a naturally irregular and rugged style. 18 feet.

3-4 feet, B&B	110	\$3.00
4-5 feet, B&B	160	4.00

VERHALEN NURSERY CO.

Juniperus scopulorum Blue Haven BLUE HAVEN JUNIPER

Tall, columnar growth similar to Canaerti except the foliage is a beautiful powder blue.

	Weight	Price
3-4 feet, B&B	110	\$3.00
4-5 feet, B&B	160	4.00

Pinus caribaea SLASH PINE

Fast growing, native East Texas to Georgia and two to three hundred miles inland. 40 feet.

Liners, Bareroot, 1 yr. seedlings (Special selection—heavier and more uniform than reforestation seedlings.) Per M \$7.00

15-18 inch, 1 Gallon Can	8	.60
3-4 feet, 5 Gallon Can	35	2.25

Pinus densiflora JAPANESE RED PINE

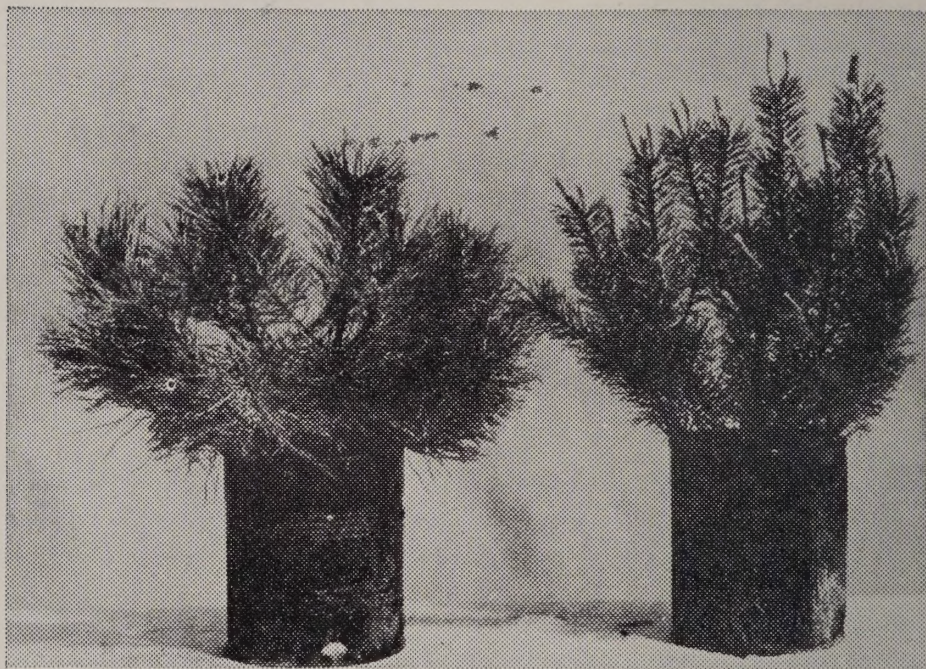

A hardy ornamental pine, irregular and broad as a mature tree. Grows fast; develops into picturesque large tree. 100 feet.

12-15 inch, 1 Gallon Can	8	\$.70
--------------------------------	---	--------

Pinus halepensis ALEPPO PINE

Light green in color with leaves three to four inches long; cones 3½ inch. 20 feet.

Liners, 2½ inch pots		\$.20
12-15 inch, 1 Gallon Can	8	.70

MONTANA MUGHO PINE, 1 GALLON

Pinus montana mughus MONTANA MUGHO PINE

Much faster and larger growing than the regular Mugho Pine.

10-12 inch, 1 Gallon Can (Spring)	8	\$.70
12-15 inch, 2 Gallon Can (Spring)	15	1.50

10% "CASH" Discount on plant material. 5% quantity discount on 250. 10% quantity discount on 1000. Quantity discounts apply to one variety, one delivery. No discount on invoices less than \$10.00.

Pinus mugo mughus.....MUGHO SWISS MOUNTAIN PINE

A spreading tree which grows horizontally with stiff upright branches. Nice for rock garden or foundation planting. 4 feet.

	Weight	Price
8-10 inch, 1 Gallon Can	8	\$1.00

Pinus nigra.....AUSTRIAN PINE

Hardy pine for arid and cold climates. Long dark green leaves. Medium height at maturity.

12-15 inch, 1 Gallon Can	8	\$.70
--------------------------------	---	--------

Pinus palustris.....LONGLEAF PINE

Generally grown in the south. It has very long needles which may go eighteen inches in length.

18-24 inch, 1 Gallon Can	8	\$.70
3-4 feet, 5 Gallon Can	35	2.25

Pinus radiata.....MONTEREY PINE

A very rapid growing pine used for windbreaks and where quick growing trees are needed.

36-42 inch, 5 Gallon Can	35	\$2.25
--------------------------------	----	--------

Pinus strobus.....WHITE PINE

Tall, symmetrical pyramidal crown; a very hardy tree. Best known American evergreen tree grown anywhere.

12-15 inch, 1 Gallon Can	8	\$.70
--------------------------------	---	--------

Pinus sylvestris.....SCOTCH PINE

A rather small, straight stemmed tree. Grows well on dry sandy soil where other pines cannot survive. 15 feet.

Liners, 2½ inch pots		\$.22
12-15 inch, 1 Gallon Can	8	.70
24-30 inch, 5 Gallon Can	35	2.25

Pinus thunbergi.....JAPANESE BLACK PINE

Sturdy pine; leaves stiff and short. Great value where planting is needed for exposed areas, also used by the Japanese for dwarfing and distorting.

8-10 inch, 1 Gallon Can	8	\$ 70.
-------------------------------	---	--------

BROADLEAF EVERGREENS

Abelia grandiflora.....GLOSSY ABELIA

Shrub with dark green and coppery, very glossy leaves and covered all summer with a myriad of fragrant, dainty pinkish-white bell shaped flowers. 7 feet.

Liners, Bareroot heavy, 1 yr. field		\$.15
15-18 inch, 1 Gallon Can	8	.60
24-30 inch, 5 Gallon Can	35	1.50
18-24 inch, B&B	30	.85
2-3 feet, B&B	40	1.25

Aralia seiboldi.....ARALIA

"Rice Paper" plant, as some know it, is fairly hardy here; requires some protection from winter winds and full shade. Most attractive in planter boxes, on patios. Has large star shaped leaves.

1 Gallon Can (3 to 5 leaves)	8	\$.85
5 Gallon Can (7 to 9 leaves)	35	2.50

Aucuba japonica variegated.....GOLD DUST PLANT

Same as the green Aucuba in habit of growth, but has leaves speckled with yellow. Good for shaded areas, on terraces, patios, entrances, etc. 4 feet.

10-12 inch, 1 Gallon Can	8	\$.75
18-24 inch, 5 Gallon Can	35	2.50

VERHALEN NURSERY CO.

ABELIA, 5 GALLON AND 1 GALLON

Azalea kurume CHRISTMAS CHEER, CORAL BELL, HINODEGIRI, HEXE AZALEA

Hardy, prolific flowering low growing evergreen. Should be planted with some protection against drying winds and late summer sun in Dallas area and west of pine country or East Texas and Arkansas. Requires frequent rather than heavy occasional watering. 5 feet.

	Weight	Price
8-10 inch, 1 Gallon Can	8	\$.80
10-12 inch, 2 Gallon Can	15	1.75

Berberis mentorensis MENTOR BARBERRY

A sturdy, erect Barberry practically evergreen the year around. Leaves generally growing down to ground level.

15-18 inch, 1 Gallon Can	8	\$.70
18-24 inch, 2 Gallon Can	15	1.25

Buxus microphylla japonica JAPANESE BOXWOOD

Round, light green leaves. Fast grower. Good for general East Texas and Gulf states area. 4 feet.

8-10 inch, 1 Gallon Can	8	\$.65
15-18 inch, 5 Gallon Can	35	2.00

Buxus sempervirens ENGLISH BOXWOOD

Small and slightly curved dark glossy leaves growing close to one another makes each plant a solid mass ideally suited to either specimen or hedge use. Most popular variety.

Liners, 2½ inch pots		\$.18
8-10 inch, 1 Gallon Can	8	.65
18-24 inch, 5 Gallon Can (Spring)	35	4.50

Callistemon lanceolatus BOTTLEBRUSH

An excellent plant for southwest regions; evergreen with large brilliant red bottlebrush shaped flowers. 6 feet.

Liners, 2½ inch pots		\$.18
----------------------------	--	--------

10% "CASH" Discount on plant material. 5% quantity discount on 250. 10% quantity discount on 1000. Quantity discounts apply to one variety, one delivery. No discount on invoices less than \$10.00.

Callistemon rigidis	RIGID BOTTLEBRUSH		
Narrower and stiffer leaf and stems than lanceolatus. Same flower and habits of growth, but hardier. 6 feet.			
	Weight	Price	
15-18 inch, 1 Gallon Can	8	\$.70	
Carissa grandiflora	NATAL PLUM		
Luxurious, symmetrical evergreen constantly in flower. Flowers are white, plant is tropical and should be protected as Hibiscus and Bougainvillea for winter survival.			
Liners, 2½ inch pots		\$.20	
Carissa grandiflora tuttlei	NATAL PLUM		
Extra compactness, dense, lush green spreading foliage are characteristic of this variety.			
Liners, 2½ inch pots		\$.20	
Cleyera japonica	CLEYERA		
A multi-colored plant of red, brown, dark green leaves on stiff upright branches. Glossy foliage.			
15-18 inch, 1 Gallon Can	8	\$.70	
18-24 inch, 5 Gallon Can	35	2.00	
Cotoneaster glaucophylla	GRAY-LEAVED COTONEASTER		
A semi-evergreen shrub with small gray-green leaves and graceful arching branches. Bears red winter berries.			
8-10 inch, 1 Gallon Can	8	\$.75	
Cotoneaster horizontalis	ROCK COTONEASTER		
A low growing, small leaf, hardy semi-evergreen plant. Will grow in full or partial shade. 3 feet.			
8-10 inch, 1 Gallon Can	8	\$.75	
Cotoneaster parnayi	PARNAY COTONEASTER		
Thick, very dark leaves with large berries. Weather and sun resistant. Fast becoming the most popular large variety. 6 feet.			
15-18 inch, 1 Gallon Can	8	\$.70	
24-30 inch, 5 Gallon Can	35	2.00	
Cycas revoluta	SAGO PALM		
Glossy fern-like leaves gracefully curved. One of the most beautiful of ornamental palms available. Hardy in southern region.			
10-12 inch, 4½ inch pots	4	\$1.00	
Elaeagnus macrophylla	LONGLEAF ELAEAGNUS		
Largest leaf and fastest growing of all Elaeagnus.			
12-15 inch, 1 Gallon Can	8	\$.70	
18-24 inch, 5 Gallon Can	35	2.00	
Elaeagnus pungens rotundifolia	ROUNDLEAF ELAEAGNUS		
Same general characteristics as other Elaeagnus except for leaf being flat and round.			
12-15 inch, 1 Gallon Can	8	\$.70	
18-24 inch, 5 Gallon Can	35	2.00	
Elaeagnus pungens simoni	SIMON ELAEAGNUS		
Long and narrow leaves grayish green over a silvery back. Medium grower. 8 feet.			
Liners, 2½ inch pots		\$.22	
12-15 inch, 1 Gallon Can	8	.70	
18-24 inch, 5 Gallon Can	35	2.00	
Euonymus japonicus	EVERGREEN EUONYMUS		
Bushy form with dark oblong evenly notched leaves. Excellent for hedges. Most suitable in West Texas. 20 feet.			
12-15 inch, 1 Gallon Can	8	\$.70	
18-24 inch, 5 Gallon Can	35	2.00	

Fall 1961

VERHALEN NURSERY CO.

Scottdale, Texas

Euonymus japonica medio-pictus **SMALL LEAF EUONYMUS**

Small leaf, center branches grow upright, outer ones tend to spread. Grows naturally with many branches. Good for planter boxes or low hedges. Hardy in Kansas and Missouri. 3 feet.

	Weight	Price
Liners, 2½ inch pots		\$.18
12-15 inch, 1 Gallon Can	8	.65

Euonymus japonicus microphyllus **EUONYMUS PULCHELLUS**

Dwarf, erect shrub with small closely growing rich dark green leaves. Compact; good plant for bordering.

8-10 inch, 1 Gallon Can	8	\$.70
-------------------------------	---	--------

Fatsyhedera lizei **FATSHEDERA**

According to authorities this is a rare development of a cross between two very different type plants which has produced a wonderfully new item for the plantsman. It is hardy, very attractive; upright in growth with large shiny leaves. Excellent for partial to deep shade.

12-15 inch, 1 Gallon Can (single stem)	8	\$.75
18-24 inch, 5 Gallon Can (2 to 3 plants per can)	35	2.25

Feijoa sellowiana **PINEAPPLE GUAVA**

A silvery shrub, compact grower. Very popular in South Texas and Gulf Coast regions. 12 feet.

30-36 inch, 5 Gallon Can	35	\$1.75
--------------------------------	----	--------

Gardenia fortunei **FORTUNE'S GARDENIA**

Has large double white fragrant flowers. This is the everblooming variety. Excellent for unusual hedge. It can be used most satisfactorily as a tub plant. In climates where it will not survive the winter, it is cheap enough that replacements can be made each spring.

Liners, 2½ inch pots		\$.18
15-18 inch, 1 Gallon Can	8	.70

Cornuta Holly Seedlings: More upright than cutting grown variety and softer textured with glossier foliage.

Liners, 2½ inch pots		\$.18
18-24 inch, 5 Gallon Can	35	2.25

BURFORD HOLLY, 1 GALLON

Ilex cornuta burfordi **BURFORD CHINESE HOLLY**

Large glossy green, stiff leaves with one tip spine forming a very smooth appearance; large red berries. Our most popular holly. 8 feet.

Liners, 2½ inch pots		\$.18
12-15 inch, 1 Gallon Can	8	.70
18-24 inch, 5 Gallon Can	35	2.25
30-36 inch, 5 Gallon Can	35	2.75

Ilex cornuta rotunda **DWARF CHINESE HOLLY**

A dwarf Cornuta Holly useful in same fashion as Dwarf Yaupon, Dwarf Jasmine, and Dwarf Gardenia.

6-8 inch, 1 Gallon Can	8	\$.85
------------------------------	---	--------

Ilex cornuta "Special" **"SPECIAL" HOLLY**

Similar to Burford Holly except the leaves are smaller and proportionately longer, not so rounded at the tips nor turned under. A constant heavy berry producer. Can be used as a Burford.

Liners, 2½ inch pots		\$.18
----------------------------	--	--------

Ilex crenata bullata **CONVEXLEAF JAPANESE HOLLY**

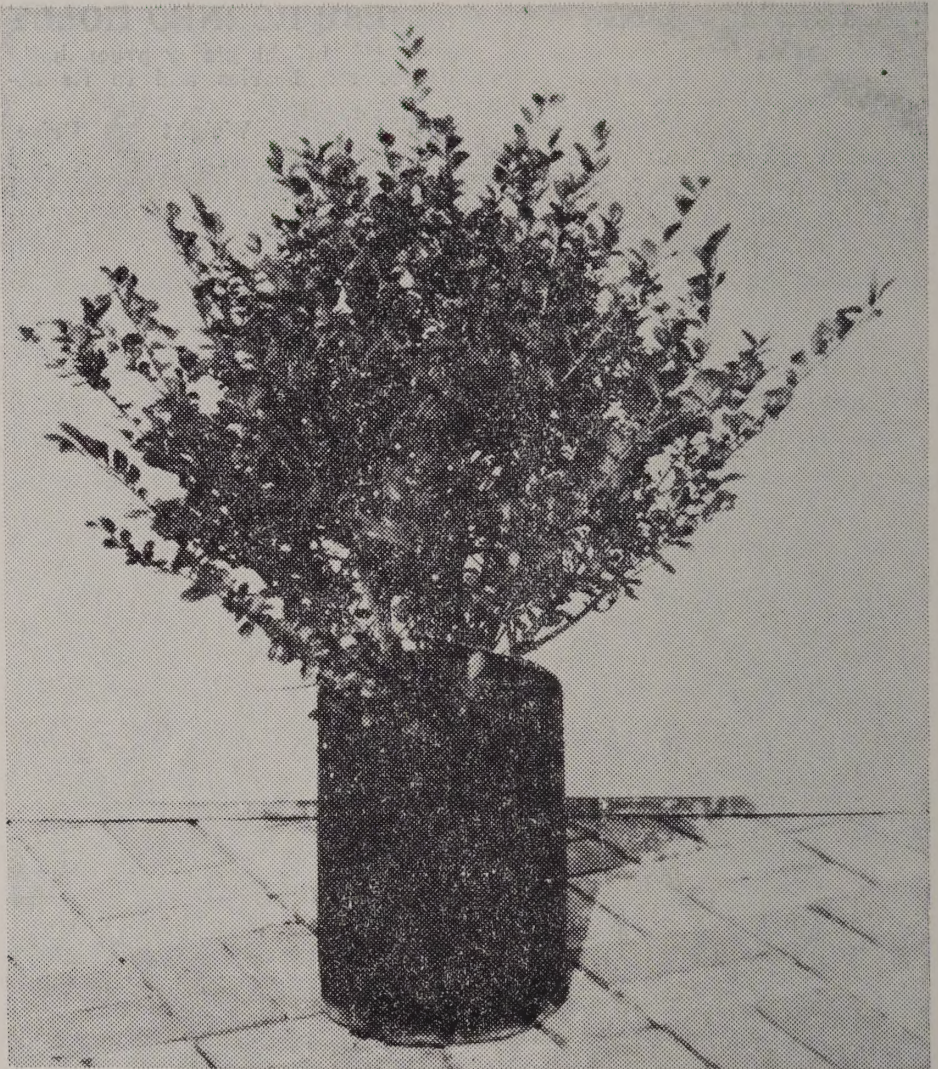

A smaller leaf holly than the rotundifolia but same general habits of growth. Leaves shiny and slightly cupped downward. Very pretty holly. No berries of consequence. Good for planter boxes and low hedges. Hardy in St. Louis and Ohio river area.

10-12 inch, 1 Gallon Can	8	\$.70
15-18 inch, 5 Gallon Can	35	2.25

Ilex crenata helleri **HELLERI HOLLY**

Dwarf type of Japanese Holly. Similar in some respects to Dwarf Yaupon. Good for formal plantings, planter boxes, and low foundation plantings. As hardy as rotundifolia.

8-10 inch, 1 Gallon Can	8	\$.85
-------------------------------	---	--------

JAPANESE HOLLY

Ilex crenata rotundifolia **JAPANESE HOLLY**

Roundleaved. Splendid dark green spineless holly for formal plantings. Makes fine low hedges. A good substitute where other than Boxwood is desired. 4 feet.

	Weight	Price
12-15 inch, 1 Gallon Can	8	\$.70
15-18 inch, 5 Gallon Can	35	2.00

Ilex fosteri hybrid **FOSTER HOLLY**

Another opaca and cassine holly cross. Upright growth, stiff, spiny, small dark green leaves. Berries profusely. Can be sheared to compact shape. 20 feet.

18-24 inch, 1 Gallon Can	8	\$.70
3-4 feet, 5 Gallon Can	35	2.25

Ilex rotunda **ROTUNDA HOLLY**

A new fast growing plant resembling Japanese Ligustrum. Apparently hardier and has darker foliage. So far, all stock available is from seed. Fruit is red. (Formerly listed as Microcarpa) 30 feet.

Liners, 2½ inch pots		\$.18
30-36 inch, 1 Gallon Can	8	.70
4-5 feet, 5 Gallon Can	35	2.25

Ilex opaca **AMERICAN HOLLY**

A very hardy native tree with medium green oval leaves surrounded by evenly spaced short spines. Red berries, 50 feet.

18-24 inch, 1 Gallon Can (seedlings)	8	\$.70
3-4 feet, 5 Gallon Can (berried)	35	2.25

Ilex opaca hybrid EAST PALATKA HOLLY

Hybrid of Ilex cassine and opaca. Bears dark red berries in heavy clusters; leaves rich green and practically spineless.

	Weight	Price
Liners, 2½ inch pots		\$.18
18-24 inch, 1 Gallon Can	8	.70
3-4 feet, 5 Gallon Can	35	2.25

5-6 feet, B&B	160	4.00

Mahonia aquifolium OREGON GRAPE HOLLY

Evergreen shrub. Produces clusters of yellow flowers followed by blue berries. Deep glossy green foliage.

12-15 inch 1 Gallon Can	8	\$1.00
-------------------------------	---	--------

Mahonia bealei LEATHERLEAF MAHONIA

This plant is desirable because it fills so well the need for shaded areas. It thrives in shade, but will take some sun if for a short period of time, preferably in the morning. Large shiny leaves with spines make this plant unusually appealing. Also, large clusters of yellow flowers followed by blue grapelike seed pods add to its sales appeal. 3 feet.

8-10 inch, 1 Gallon Can	8	\$.70
15-18 inch, 5 Gallon Can	35	2.25

Nandina domestica NANDINA

This cane-like shrub with its small dainty and light green summer foliage is an accepted "must" with gardeners because of the gorgeous leaf coloring in the fall and immense clusters of red berries which are retained throughout the winter. 8 feet.

Liners, 2½ inch Can		\$.18
12-18 inch, 1 Gallon Can	8	.65
18-24 inch, 5 Gallon Can	35	1.75

Nerium oleander OLEANDER

Large and fast growing evergreen. Grows from Gulf Coast to arid regions of the west. Long period of bloom. Red, Pink, White, and Yellow.

15-18 inch, 1 Gallon Can (Fall)	8	\$.70
3-4 feet, 5 Gallon Can (Spring)	35	1.75

10% "CASH" Discount on plant material. 5% quantity discount on 250. 10% quantity discount on 1000. Quantity discounts apply to one variety, one delivery. No discount on invoices less than \$10.00.

Osmanthus fortunei HOLLY LEAF OSMANTHUS

Dark green holly-like foliage on upright branches. Very fragrant, small late summer flowers. Very hardy. 15 feet.

	Weight	Price
Liners, 2½ inch pots		\$.22
15-18 inch, 1 Gallon Can	8	.70
24-30 inch, 5 Gallon Can	35	2.00

Osmanthus ilicifolius variegatus FALSE HOLLY

A dwarf growing Osmanthus with small variegated holly-shape leaves. Grows compact naturally. 3 feet.

8-10 inch, 1 Gallon Can	8	\$.70
-------------------------------	---	--------

MODELS FROM \$134.95 TO \$800.40
F.O.B. Scottsville or Dallas

MODEL "A" GRINDER AND SHREDDER

Here's the latest development in compost grinding and soil shredding equipment. It's the all new W-W Model A, which is especially designed for the home gardener and small operator, who demand the superior grinding and shredding for which W-W units are famous . . . yet who don't require the capacity that is available in the W-W

VERHALEN NURSERY CO.

larger models. It is available in either gas or electric models. This low-cost machine has shredding bars and grinding screen which are interchangeable. Some organic materials must be ground, yet most other matter should be shredded. Only W-W lets you do both!

Here's the machine that has the price you desire . . . yet no sacrifice has been made in quality.

(Priced the Same for Gas or Electric Models)

(Equipped with Both Screen and Rollers)

WICHITA CHIEF WONDER MODEL COMBINATION 4-EV

HAS DETACHABLE ELEVATOR

GRIND AND LOAD

OR

GRIND ONLY OR LOAD ONLY

A model that will do double duty for nurseries, a machine that will both grind and load. The hopper on the Model 4-EV will handle the shoveling of three men. As on all Wonder Models, the cutting blades which travel at tremendous speed, pick up the material and thoroughly grind and mix it before it passes through the rollers. The material is then picked up by the conveyor-type elevator for loading. Material is conveyed on twelve inch acid resisting belt with roller type chain drive. Damp materials will not clog conveyor.

Professional Hand Pruner

No. 80 (Corona-Rieser Pattern)

"King Size"

Fully forged, scientifically designed cutting head is your assurance that it's tops in modern design and manufacturing technique. Replaceable blade. Long narrow blade and hook easily gets into those hard to prune places. Bring on the tough trimming tasks and make light work of it with No. 80. Neoprene handles are easy on the hands; rubber bumper prevents pinching of the hand and acts as a shock absorber. No. 80 is the newest tool to hit the market for the professional user. Modeled after the famous Swiss-German pattern. Overall length, 8 $\frac{7}{8}$ inches.

Price each \$5.95

Weight—1 lb. each

"Pro" Hand Pruner, No. 800

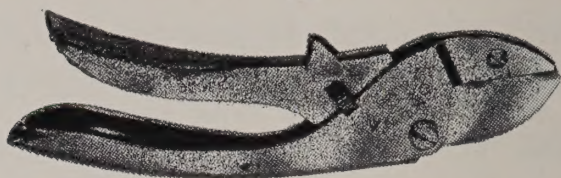

This tool is a professional type pruner with adjustable blade tension, curved blades and non-slip cutting action. It's made of the finest steel. Replaceable blade feature increases tool life. Easily handles tough pruning jobs. Rose, fruit growers, and nurserymen proclaim it America's finest. This tool exploits the well known Calkins pattern, featuring the very abrupt type hook and short blade. Overall length, 7 $\frac{1}{2}$ inches.

Price, each \$4.45

Weight—Approx. 1 lb. each

Corona Anvil Type Shear, 89A

A 20th Century marvel in beauty and easy cutting power. An amazing value with features galore such as pistol grip shape, one hand operated catch, open end handles—can't pinch, oversize pivot bolt, knurled handles, concealed spring, small cutting head, increased leverage, replaceable blade, replaceable soft metal anvil, chrome plated on steel. Users acclaim it America's finest anvil type hand pruning shear. Overall length, 8 inches.

Price, each\$3.25

Weight, each—12 ozs.

Corona Grass Shear, No. 5

An extra fine professional pattern grass shear with a host of plus features: Drop forged Corona-loy cutlery steel, light weight, one hand operated catch, soft velvety neoprene handle grips, flush pivot bolt permits shear to lie flat on surface for cutting, Corona bulge design permits use with equal facility for right or left hand operator; no horns, guards or protrusions on handles and, above all, ample knuckle clearance; natural steel finish, no paint to chip. Blade length 5 inches; Overall length, 12 inches.

Price, each\$3.25

Weight, each—13 ozs.

Tree Pruners, No. 126 BN

Medium Weight Type

This is the famous Hawley pattern, a design that has won it wide acclaim as America's Top Professional Shear. Features as follows: Medium weight; blade overlaps hook for extra wear; Razor sharp cutting blades; Full curved hook holds work; No. 1 loft dried hickory handles; Corona neoprene shock absorbers; Choice of handle attachments. Overall length, 26 inches.

Price, each\$6.95

Weight, each—2 lbs.

Hedge Shear, No. K-7

(Hardware Grade)

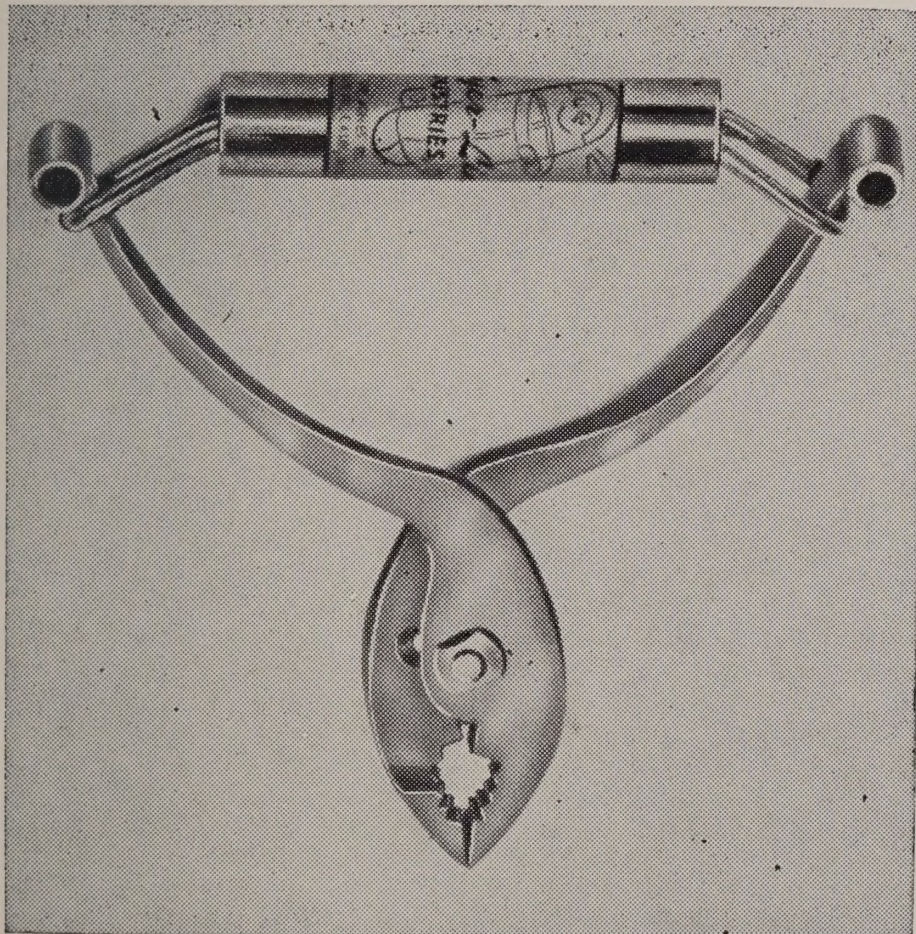

Here is a shear that has all the good cutting features of the regular Corona No. 7, but with a solid eccentric bumper stop instead of the neoprene shock absorber; hickory handles (not quite as highly finished as the Corona No. 7) it is a splendid shear at a low popular price. Overall length, 20½ inches; blade length, 8 inches.

Price, each \$4.80

Weight, each—2 lbs.

HANDY-MAN GRIPZIT PLIERS

Working principle is same as ice tongs. Two cans may be carried with one pliers. Small and light enough to keep in pocket. For moving any size canned plant for any reason the Gripzit is the tool to use. Buy two at a time, carry four large cans instead of two.

Each \$3.20

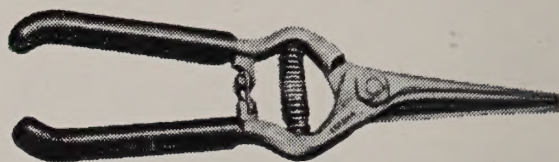

2 to 5 Units, Each 2.90

Packing Weight—2 Units, 2 lbs.

VERHALEN NURSERY CO.

Florist or Thinning Shear, No. 21-S

A sturdy shear widely used by florists for cutting ribbons, soft wire, and flower stems. Also, unmatched for many home uses such as cutting vegetables, dissecting chickens, turkeys, or rabbits. Housewives find it has more utility than ordinary scissors. A fine shear for picking flowers, making bouquets, corsages, and all forms of thinning. Overall length $7\frac{3}{4}$ inches. Also comes with curved blades.

Price, each **\$2.70**

Weight, each—approx. 1 lb.
